

Conventional series

STURDY AND PRACTICAL

Easy-to-use, hot-fillable, microwave and dishwasher safe, reusable and 100% recyclable.

KEY FEATURES AND BENEFITS

- Perfect for retail
- Easy to open and to use
- Dry offset decoration available
- Microwave and dishwasher safe

CERTIFICATIONS

The raw materials used are tested according to ASTM standards for polymers, are approved for food contact and meet FDA (Food and Drug Administration, USA) and HPB (Health Protection Branch, Canada) regulations.

MATERIAL

All containers are made of recyclable polypropylene (PP) and lids are made of high-density polyethylene (HDPE). All polymers are fully recyclable.

DECORATION AVAILABLE

- **Container:**
Dry offset
- **Lid:**
Dry offset

RECOMMENDATIONS

Handling conditions vary from customer to customer; therefore, we recommend to validate your processes (filling, conveying, warehousing, etc.) with specific product testing.

For optimal stacking stability, we recommend:

- using double-faced pallets with boards close together top and bottom;
- chimney stack box pattern for bottom and middle rows (up to 5 rows) and staggered box pattern for top rows (1 or 2 rows only);
- releasing the air from the container when putting on the lid;
- product usage between 32°F (0°C) and 180°F (82°C).

REQUIREMENTS

Some chemicals can affect the integrity of the container. Any product requiring a Material Safety Data Sheet (MSDS) has to be submitted and approved by IPL. If the buyer fails to adhere to this clause, the related product guarantees will be void.

COLOR CODE

BASE COLORS	STANDARD COLORS	OTHER COLORS
Natural 000	Yellow 012	Available upon request
White 001	Orange 021
